Add layers, incorporate text S.Use transparency tool	A:Second Lesson on Photoplus M. S.

The above was created by me to help me plan for lessons in the medium term.

I used a scheme of work to outline the major theme of lessons and have adapted the above to incorporate changes in my timetable.

It has sometimes been necessary to change lessons in order to accommodate immediate change in circumstances such as interview days and mock exams.

It is updated regularly as I teach lessons and get a feel for what the pupils have yet to learn through formative assessment.
